

Your gift at work

Hi Closer to Home,

Your support of Closer to Home ensures youth in Calgary, Airdrie, and surrounding areas have *consistent* access to youth mental health programming. I want to thank you on behalf of the youth you have been supporting.

Spring is here, and many of us may already look forward to summer vacation when kids are out of school. However, for many youth and their families, this can be an uncertain time as consistent access to mental health support comes to an end, but because of your gifts, kids who need support year-round can count on our programs.

Have you heard about our Viewpoints Program?

Viewpoints is a program designed for youth ages 8-17 to practice emotional and self-care skills while becoming more resilient in a trauma-informed, community-minded setting. This program is offered to youth in Airdrie, Irricana, Beiseker, Crossfield and surrounding rural areas, as we know that sometimes it is difficult for youth to find mental health support in these communities.

With your help and through partnerships with other organizations, groups and schools, we provide one-to-one support, workshops, and drop-in classes focusing on improving youth mental wellness, which includes their family and community through events like movie nights at the hall, dances and picnics in the park.

Your support means we can continue to teach important skills, provide mentorship and support and offer critical mental health programs to youth where we live, work, and play.

Thank you for choosing to be a part of Closer to Home's donor community and building a better

future for our youth!

Warm regards,

Karen Olivier,
